Billing, Accounting and Credit Working Group Teleconference

March 24, 2023

Revenue Metering Requirements Manual Changes

Summary of Changes

- **Section 1.2**

- Addition of Application Programming Interface (“API”) and Transmission Owner (“TO”) as defined terms.

- **Sections 2.1 and 2.2**

- Addition of API as means for data transmission to the NYISO.

- **Section 3**

- Inclusion of MSE’s and municipal electric utilities as entities to which the guidelines apply.

- **Appendix A**

- Creation of appendix for metering diagrams.
- Addition of metering diagrams for DER.

Meter Services Entity Manual Changes

Summary of Changes

■ Section 1.2

- Expansion of listed resources that may utilize MSE's.

■ Section 3

- Addition of MSE recurring responsibility to submit evidence of insurance coverage and the required coverage limits.

■ Section 5

- Expansion of listed resources that may utilize MSE's.

■ Section 9 – New

- Addition of MSE withdrawal process.

Schedule

- **March 24, 2023 – BACWG**
- **May 17, 2023 – BIC**

Roles of the NYISO

- **Reliable operation of the bulk electricity grid**
 - Managing the flow of power on 11,000 circuit-miles of transmission lines from hundreds of generating units
- **Administration of open and competitive wholesale electricity markets**
 - Bringing together buyers and sellers of energy and related products and services
- **Planning for New York's energy future**
 - Assessing needs over a 10-year horizon and evaluating projects proposed to meet those needs
- **Advancing the technological infrastructure of the electric system**
 - Developing and deploying information technology and tools to make the grid smarter

Our Mission & Vision

Mission

Ensure power system reliability
and competitive markets for New
York in a clean energy future

Vision

Working together with stakeholders
to build the cleanest, most reliable
electric system in the nation
