Agenda

- **Background**
- **Daily Customer Statement Update**
- **Next Steps**

Background

- The billing code number, 851 Retail Withdrawals MWh, on the Daily Customer Statement was inadvertently re-used as part of the DER software implementation
- Because billing code numbers must be unique and the original purpose of billing code 851 has not yet been used in a settlement, the decision is to re-code the original 851
- The following slides will detail the changes
- No other Finance and Billing Reports or DSS were impacted

Daily Customer Statement Update
