Chris Sharp	NYISO	Mike Cirella	NYISO
Scott Jones	National Grid	Matthew Miller	NYPA
Kavin Inthirakot	National Grid	George Volcy	LIPA
Jason Kampschafer	LS Power		

1. Administrative Matters and Chair's Report

Mr. Ryan Coalla (Central Hudson) called the meeting to order at 9:05 AM and welcomed the members of CDAS as roll call was taken.

2. ICCP Updates

No updates.

3. Central Hudson EMS Status Report

Mr. Ryan Coalla (Central Hudson) stated that Central Hudson has received its advanced PDS system for set up and is testing some of the features of the new 2023 point one power on reliance release.

4. TO Substation/Router Replacement

Mr. Tanvir Khan (NYISO) reported that for the Substation Router Upgrade, as of last month's CDAS update,

- We have one more substation router cutover remaining (Con Edison's East Fishkill substation) as part of this year's project scope.
- The NYISO Team is in the process of wrapping up device configuration for the (East Fishkill) substation this week. We expect to ship the device back out as soon as next week.
- We will work with Con Edison over the next couple of weeks to schedule the work.

5. Telemetry Discussion

Mr. Mike Cirella (NYISO) reviewed Phase 1 Data requests included with the meeting material. He requested that NYSEG provide monthly updates regarding the outstanding Phase 1 Data requests at CDAS meetings until resolution.

Mr. Jason Kampschaefer (LS Power) asked for clarification on if hotline system and the communication path between control centers via that VOIP hotline should be included in CDAS meetings.

Mr. Georges Volcy (LIPA) asked if there were any values in discussing the adjusted temperature ratings in the FERC Order 881. Mr. Tim Ludin (LS Power) requested that FERC Order 881 be placed on the agenda moving forward as an update item from the NYISO.

6. **Review Action Items and Update**

None.

7. **Open Issues/New Business**

None.

The next meeting is on Thursday, November 9, 2023.
