

Updates to Public Policy Transmission Planning Process Manual

Supriya Tawde Manager, Transmission Integration

Electric System Planning Working Group (ESPWG)

Tuesday, December 19, 2023

Agenda

- Background
- Objective
- Summary of Proposed Changes
- Summary of Requested Information

Background

- Proposed solutions are required to include all project information to the NYISO as described in Sections 31.4.4.3, 31.4.4.4, and 31.4.5 of Attachment Y
- Developers shall submit redacted and un-redacted versions of their project information in accordance with Sections 31.4.4.3.3 and 31.4.15 of Attachment Y
- Proposed Public Policy Transmission Projects must submit the information required in Section 31.4.5.1 of Attachment Y by completing and submitting to the NYISO the forms set forth in Attachments B and C to the PPTPP Manual
- Other Public Policy Projects must submit the information required in Section 31.4.5.1 of Attachment Y by completing and submitting to the NYISO the forms set forth in Attachments B to the PPTPP Manual

Objective

- Changes proposed to Attachment B and Attachment C of the PPTPP Manual are intended:
 - To reduce duplication of the requested information
 - Provide information in the specified format to better facilitate NYISO's evaluation
- Information requested in Attachments B and C remains consistent with Sections 31.4.4.3, 31.4.4.4, and 31.4.5

Summary of Proposed Changes

- Data requests that may include Confidential Information, as defined by Section 31.4.15.2 of the OATT, will now be located in Attachment B, while Attachment C should not include Confidential Information
- Data will be requested in a specified format
 - Project Model Data
 - Permitting Data
 - Routing Information
 - Cost Estimate

Summary of Requested Information

• For a Public Policy Transmission Project, Attachment C requires:

- Project Description and Locations
 - Project Model
 - Project Design
 - Routing information
 - Transmission line and Substation drawings
- Work Plan
- Environmental and permitting requirements, including schedule
- Lead time for the project, including outage requirements
- Milestone schedule
- Risk register
- Project overview

Summary of Requested Information

- For a Public Policy Transmission Project, Attachment B requires:
 - Status of contracts and NYISO interconnection studies/interconnection agreements
 - Site Control or schedule for obtaining Site Control
 - Procurement plan/status
 - Evidence of financing/ability to finance
 - Developer Qualification Information
 - Project cost details, including any voluntarily submitted Cost Cap

Summary of Proposed Changes

 Other Public Policy Project will still use Attachment B only to submit the necessary information

Summary of Requested Information

• For an Other Public Policy Project, Attachment **B** requires:

- Project description and locations
- Lead time for the project, including outage requirements
- Milestone schedule
- Evidence of a commercially viable technology
- Schedule for obtaining required permits
- Site Control or schedule for obtaining Site Control
- Procurement plan/status
- Status of contracts and NYISO interconnection studies/interconnection agreements
- Evidence of financing/ability to finance
