

Operating Committee Meeting

April 19, 2024

Agenda 2

Motion:

The Operating Committee (OC) hereby approves a revised Locational Minimum Installed Capacity Requirement for Load Zone J of 80.4% for the 2024-2025 Capability Year as presented and discussed at the April 19, 2024 OC meeting. The Locational Minimum Installed Capacity Requirements for the G-J Locality (i.e., 81.0%) and Load Zone K (i.e., 105.3%) previously approved at the January 18, 2024 OC meeting for the 2024-2025 Capability Year remain unchanged.

The motion passed unanimously by show of hands with abstentions from Indeck, Alpha Generation, and Helix Ravenswood.
