

# **2025 Final Project Budget Recommendation**

#### **Kevin Pytel**

Senior Manager, Product and Project Management

#### **Budget and Priorities Working Group**

August 27, 2024, WebEx

#### Agenda

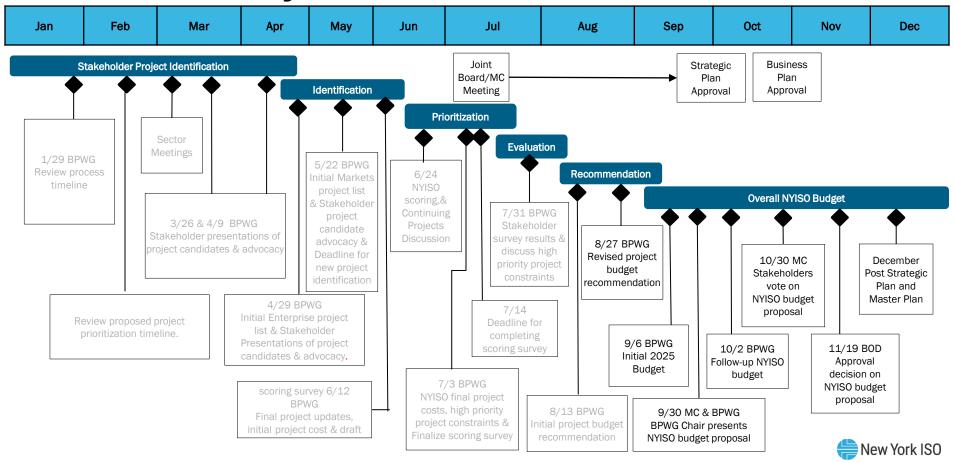

- Project Prioritization Timeline
- Project Updates
- Final Market Project Budget Recommendation
- Final Enterprise Project Budget Recommendation
- Historic Budgets
- Next Steps
- Appendix

# Project Prioritization Timeline

#### **Project Prioritization Timeline**

### **Project Updates**

(Updates in red)

#### **Proposed Project Updates**

- In order to fit several high priority projects in the budget recommendation, some adjustments to the proposed projects are necessary
- Hybrid Aggregation Model: Project could not fit into budget due to resource constraints. NYISO proposes to delay the deployment from 2025 to 2026
- Improve Duct Firing Modeling: Project could not fit into budget due to resource constraints.
   NYISO proposes to modify from Deploy to Development Complete, moving the deployment from Q4 2025 to Q1 2026
- Balancing Intermittency: Project could not fit into budget due to resource constraints. NYISO proposes to modify from Deploy to Development Complete, moving the deployment from Q4 2025 to Q1 2026
- Integrating Champlain Hudson Power Express: Project could not fit into budget due to resource constraints. NYISO proposes to modify from Development Complete to Software Design Specification (SDS). This is not expected to impact the deployment date in 2026

#### **Proposed Project Updates (Continued)**

- 3rd Floor Data Center (Krey): Modify deliverable from Deployment to Study Complete, which resolves budget constraints
- Air Handling Units: Modify scope to focus on design in 2025 and delay purchase of units until 2026, which resolves budget constraints
- Advanced Storage Modeling: Project could not fit into budget due to resource constraints. NYISO proposes to modify from Development Complete to Software Design Specification (SDS)
- Storage as Transmission will be included in the budget
- Market Purchase Hub Transactions will be included in the budget with a modified deliverable from Functional Requirements to Market Design Complete
- Operating Reserves Performance will be included in the budget with a modified deliverable from Software Design to Functional Requirements
- Replaced Security Information and Event Management (SIEM) Modernization with Endpoint Protection Modernization

# Final Market Project Budget Recommendation

| Project   | Product Area       | Project Type | 2025 Proposed Deliverable | 2024<br>Deliverable               | Labor | Capital | Prof. Serv. | Total           |
|---|--------------------|--------------|---------------------------|-----------------------------------|-------|---------|-------------|-----------------|
| 5-Minute Transaction-Scheduling                         | Energy Market      | Prioritize   | Market Design Complete    | Market Design Concept<br>Proposed | 0.42  | 0.00    | 0.25        | <del>0.67</del> |
| Advancing NYISO Transparency - Requested by DC Energy   | Energy Market      | Prioritize   | Deployment                |                                   | 0.51  | 0.00    | 0.43        | 0.94            |
| Ancillary Service Shortage Pricing                      | Energy Market      | Prioritize   | Study Complete            |                                   | 0.29  | 0.00    | 0.15        | 0.44            |
| Balancing Intermittency                                 | Energy Market      | Prioritize   | Development Complete      | Market Design Complete            | 0.50  | 0.00    | 0.45        | 0.95            |
| Billing Organization Portfolios for Reporting           | Business & Finance | Prioritize   | Deployment                | Market Design Complete            | 0.32  | 0.00    | 0.00        | 0.32            |
| Capacity Market Structure Review                        | Capacity Market    | Prioritize   | Issue Discovery           |                                   | 0.52  | 0.00    | 1.00        | 1.52            |
| Clean Hydrogen - Requested by NextEra and Constellation | New Resource       | Prioritize   | Market Design Complete    |                                   | 0.32  | 0.00    | 0.10        | 0.42            |

#### Markets & Enterprise Budget Breakdown

|                                | Markets I  | Estimated Co | st (in millions  | )     |           |            |
|--------------------------------|------------|--------------|------------------|-------|-----------|------------|
| Project Budget*                | Labor      | Capital      | Prof. Serv.      | Total | Mandatory | Continuing |
| 2025 Final Recommendation      | 11.95      | 0.06         | 5.46             | 17.47 | 5.89      | 5.90       |
| 2024 Approved                  | 8.62       | 0.05         | 8.12             | 16.79 | 5.53      | 4.16       |
| 2022 Approved                  | 7.02       | 0.00         | 4.34             | 11.36 | 5.58      | 1.22       |
| 2021 Approved                  | 7.79       | 0.10         | 7.52             | 15.41 | 11.56     | 1.18       |
|                                | Enterprise | Estimated Co | ost (in millions | s)    |           |            |
| Project Budget*                | Labor      | Capital      | Prof. Serv.      | Total | Mandatory | Continuing |
| 2025 Initial<br>Recommendation | 10.61      | 8.25         | 6.40             | 25.26 | 0.60      | 0.00       |
| 2024 Approved                  | 9.40       | 9.65         | 5.77             | 24.83 | 0.29      | 0.00       |
| 2023 Approved                  | 6.72       | 9.72         | 4.18             | 20.62 | 0.00      | 9.15       |
| 2022 Approved                  | 5.57       | 12.38        | 3.83             | 21.79 | 0.00      | 15.77      |

# **Next Steps**

#### **Next Steps**

- Written feedback on the 2024 Project Budget Prioritization Process may be sent to:
  - Kevin Pytel (kpytel@nyiso.com) or Shaun Johnson (sjohnson@nyiso.com). You may also call them at 518-428-9528 and 518-774-3959, respectively.
- At the September 6<sup>th</sup> BPWG, the NYISO will present the initial NYISO budget
- On September 30<sup>th</sup>, the BPWG Chair will present the NYISO budget proposal at the Management Committee meeting

#### **Our Mission & Vision**

#### **Mission**

Ensure power system reliability and competitive markets for New York in a clean energy future

#### **Vision**

Working together with stakeholders to build the cleanest, most reliable electric system in the nation

## Questions?

# Appendix

# Milestones and Project Prioritization Phases

#### **Milestone Definitions**

| Milestone                         | Definition   |
|-----------------------------------|--|
| Issue Discovery                   | NYISO has facilitated education session(s) for stakeholder knowledge development of problem/issue, conducted stakeholder solicitation of potential solutions to address problem/issue, and summarized findings at a working group meeting for potential ranking and future project identification. |
| Study Defined                     | The scope of work for the study has been presented to stakeholders, including a discussion on the necessary input(s), assumption(s) and objective(s) of the study.   |
| Study Complete                    | Scope of work to be performed has been completed; results and recommendations have been presented to the appropriate Business Owners and stakeholders.   |
| Market Design Concept<br>Proposed | NYISO has initiated or furthered discussions with stakeholders that explore potential concepts to address opportunities for market efficiency or administration improvements.  |
| Market Design Complete            | NYISO has developed with stakeholders a market design such that the proposal can be presented for a vote at the BIC or MC to define further action on the proposal.  |
| Architectural Design              | The architectural design document is complete and software development is ready to begin.  |
| Market Projects with the          | following Milestones will generally be proposed as Continuing in future years, subject to Stakeholder input.   |
| Functional Requirements           | NYISO has completed documentation of the functional requirements, and the Business Owner has approved.   |
| Software Design                   | The software design document is complete and software development is ready to begin.   |
| Development Complete              | Development has been completed, packaged and approved by the Supervisor.   |
| Deployment                        | Required software changes to support commitment have been integrated into the production environment.  |

#### **Project Prioritization Process**

| Phase                                 | Description  |
|---------------------------------------|--|
| Stakeholder Project<br>Identification | Stakeholders may present project ideas at stakeholder meetings, sector meetings, get feedback and refine their proposal during this phase before the NYISO provides a comprehensive list of candidate projects for consideration.  |
| Identification                        | The NYISO develops a Markets and Enterprise project candidate lists from regulatory obligations, strategic initiatives, State of the Market recommendations, infrastructure enhancements, product plans and stakeholder proposals. These are presented and further refined with stakeholder input during this phase.   |
| Prioritization                        | This phase involves a stakeholder survey and the NYISO prioritization of projects. The stakeholder survey will facilitate an assessment of the relative priority of the topic within the portfolio and is used to determine stakeholder appeal. The NYISO prioritization incorporates the stakeholder appeal into objective criteria that reflects strategic alignment, expected outcomes, risks, and ability to execute in development of a priority score for each Market project. |
| Evaluation                            | This phase involves performing a feasibility assessment based on detailed cost and labor estimates, dependencies, priority scores, and stakeholder feedback.   |
| Recommendation                        | This phase involves proposing a feasible set of project deliverables and related budget requirements. The proposal is refined as needed based on stakeholder feedback.   |

#### **Project Type**

| Project Type | Description  |
|--------------|--|
| Mandatory    | Projects that are key to support Strategic Initiatives, FERC Orders, maintain reliable operations, or sustain the operation of the NYISO business. These projects will be included in the budget   |
| Continuing   | Approved in a prior year and have progressed to either Functional Requirements, Software Design, Development Complete, or Deployment. Additional projects may be classified as Continuing based on stakeholder feedback. These projects will be included in the budget. No Enterprise Projects will be Continuing. |
| Future       | Consensus from stakeholder discussions of this projects priority relative to other projects has resulted in these projects NOT being prioritized and initiated in the coming budget year. Resources, time constraints, stakeholder feedback, and other project dependencies have been taken into consideration     |
| Prioritize   | Projects to be prioritized and included in the budget based on a feasibility assessment taking into consideration resources, time constraints, stakeholder feedback, priority score, and other project dependencies. Market projects are included in the stakeholder survey  |

#### **Project Category**

| Project Category | Description  |
|------------------|--|
| Enterprise       | Includes internal-facing technology and back office support projects that have no market rule changes. This list includes projects that may be noticeable to Market Participants. These projects are NOT included in the stakeholder survey        |
| Market           | Projects associated with market rule(s) including market design and study projects as well as any project implementing market rule changes. These projects are included in the stakeholder survey unless they are Mandatory, Continuing, or Future |

#### **Project Scoring**

| Project Scoring       | Description  |
|-----------------------|--|
| NYISO Only            | Enterprise projects that are not Mandatory, Continuing, or Future types are scored by the NYISO Only during the Prioritization phase. These projects are included in the budget based on a feasibility assessment taking into consideration resources, time constraints, priority score and other project dependencies.  |
| Stakeholder<br>Scored | Market projects that are not Mandatory, Continuing, or Future are included in the stakeholder survey and scored by the NYISO during the Prioritization phase. These projects are included in the budget based on a feasibility assessment taking into consideration resources, time constraints, stakeholder feedback, priority score, and other project dependencies. |
