Economic Planning Process (EPP) Manual

- Documents NYISO Procedures to implement the Economic Planning elements of the Comprehensive System Planning Process (CSPP)
- Last update occurred in February 2016
- Limited changes proposed as part of NYISO staff review

Summary of Proposed Modifications

- Updates the description of historic congestion data reporting
- Provides a brief overview of the separate Generation Deactivation Process in the Overview section
 - Modifies Figure 1 to depict interaction with CSPP
- Corrects NYISO web links
- Makes ministerial revisions for user readability, standardization of tariff references, inappropriate capitalizations, and use of tariff-defined terms

Procedural Considerations

- Proposed modifications to EPP Manual reviewed with the ESPWG on April 12th
- Stakeholder comments incorporated in proposed revisions
- Draft EPP Manual posted for 15-day review on April 25th

DRAFT – FOR DISCUSSION PURPOSES ONLY

Next Steps

- Action at May 2019 Business Issues Committee
- Post approved Economic Planning Process Manual on NYISO website

The Mission of the New York Independent System Operator, in collaboration with its stakeholders, is to serve the public interest and provide benefits to consumers by:

- Maintaining and enhancing regional reliability
- Operating open, fair and competitive wholesale electricity markets
- Planning the power system for the future
- Providing factual information to policy makers, stakeholders and investors in the power system
