

38.24 Appendix A – Generator Deactivation Notice Form

38.24.1 Instructions

38.24.1.1 Before a Generator may be Retired or enter into a Mothball Outage, the Market Participant must satisfy the requirements set forth in Attachment FF to the OATT, including submitting to the NYISO a completed Generator Deactivation Notice using the form set forth in this Appendix A of Attachment FF to the OATT, and providing the information required by Appendix B of Attachment FF to the OATT.

38.24.1.2 In accordance with the requirements set forth in Section 38.3.1 of Attachment FF to the OATT and ISO Procedures, the Market Participant shall submit to the NYISO via electronic mail (a) the Generator Deactivation Notice form to generator_retirement@nyiso.com and (b) all information required by Appendix B of Attachment FF to NYISO Stakeholder Services, to the attention of the Director of Market Mitigation and Analysis.

38.24.1.3 The NYISO will review the information received pursuant to Section 38.3.1.5 of the OATT to determine whether it is complete. The NYISO will notify the Market Participant to provide any additional information that is required in order for the Generator Deactivation Notice to be determined to be complete.

38.24.1.4 The 365 day notice period applicable to a Generator(s) proposing to be Retired or enter into a Mothball Outage will begin to run on the date ~~that of~~ the next quarterly Short-Term Assessment of Reliability (STAR) that commences at least one day after the date on which NYISO issues a written notice to the Market Participant indicating that the Generator Deactivation Notice (including the information received and supporting certification) are complete.

38.24.1.5 The Market Participant has a continuing obligation to timely submit additional information pursuant to Section 38.25.4 of Appendix B, under Attachment FF to the NYISO OATT, and as otherwise required under the ISO Tariffs. All such information shall be sent to NYISO Stakeholder Services, to the attention of the Director of Market Mitigation and Analysis.

38.24.2 Submitting Entity's Information

38.24.2.1 Name of entity submitting notice:

_____ (“submitting entity”)

38.24.2.2 Submitting entity's interest in and relationship with Generator(s) (check all that apply):

Owner (and if part owner, percent) of Generator(s)

- Operator of Generator(s)
- Market Participant
- Other _____

If the submitting entity is not both the owner and operator, provide the following information for (a) the owner, (b) the operator, (c) Market Participant, and (d) the submitting entity:

38.24.2.3 State of organization or incorporation:

38.24.2.4 Contact information

Name of contact person and alternate contact person, title, relationship to the submitting entity, mailing address, e-mail address, office phone number, and cell phone number:

38.24.3 Identity of Generator(s) Subject to Generator Deactivation Notice

Location:

Unit Name: _____ PTID _____ Nameplate Capacity in MW: _____

Unit Name: _____ PTID _____ Nameplate Capacity in MW: _____

Unit Name: _____ PTID _____ Nameplate Capacity in MW: _____

Unit Name: _____ PTID _____ Nameplate Capacity in MW: _____

Revenue Meter Location(s) (Use PTIDs):

38.24.4 Proposed Generator Deactivation

38.24.4.1 The Generator Deactivation Notice is for the Generator(s) (check one):

- to be Retired
- to enter into a Mothball Outage.

38.24.4.2 If the submitting entity is proposing to enter the Generator(s) into a Mothball Outage, please check the box below to acknowledge that the Generator(s) is able to return to service within 180 days.

Generator(s) is able to return to service within 180 days

Please note: If the submitting entity believes that there is good cause for why a Generator will not be able to return to service within 180 days, the

submitting entity must separately provide for each such Generator the proposed number of days for return and supporting information to the NYISO for review. The NYISO will determine whether the information provided satisfies the requirements of Section 5.18.3.2 of the ISO Services Tariff. If the Generator Deactivation Notice is for more than one Generator, and the response to this subsection 38.24.4.2 is not the same for all Generators, specify by Unit Name and PTID which Generators are able and which are not able to return to service within 180 days.

38.24.4.3 If the submitting entity is proposing to enter the Generator(s) into a Mothball Outage, please check the box below to acknowledge that the step-up transformer(s) and other system protection equipment will continue to be operational during the Mothball Outage.

The step-up transformer(s) and other system protection equipment will continue to be operational during the Mothball Outage.

38.24.4.34 If the submitting entity is proposing for the Generator(s) to be Retired on a date other than 365 days after the Generator Deactivation Assessment Start Date (as that term is defined in Section 38.1 of Attachment FF to the NYISO OATT), the desired retirement date is: [day] of [month] of [year].

38.24.4.45 If the submitting entity is proposing for the Generator(s) to enter into a Mothball Outage on a date other than 365 days after the Generator Deactivation Assessment Start Date, the desired date to enter into a Mothball Outage is: [day] of [month] of [year]. The submitting entity proposes to resume operation and participation in the ISO Administered Markets on: [day] of [month] of [year].

38.24.5 Acknowledgments

By submitting the Generator Deactivation Notice, the submitting entity acknowledges:

- After the NYISO determines that the Generator Deactivation Notice is complete, the NYISO will post a notice of that determination (and will notify the submitting entity.)
- If the submitting entity rescinds this Generator Deactivation Notice after the NYISO determines it to be complete, the submitting entity must reimburse the NYISO and the relevant New York Transmission Owner(s) in accordance with Section 38.14.2 of Attachment FF of the NYISO OATT the actual costs that each incurred in performing their responsibilities under Attachment FF of the NYISO OATT and Section 23.4.5.6 of the ISO Services Tariff in response to the submitting entity's submission of this Generator Deactivation Notice, including any costs associated with using contractors.

38.24.6 Submitted By:

Certification

The undersigned certifies that he or she is an officer of the submitting entity, that he or she is authorized to execute this Certification and submit this Generator Deactivation Notice on behalf of the submitting entity, and that the information and statements contained herein (including any and all attachments, and information required by Appendix B of Attachment FF to the NYISO OATT submitted herewith,) and in this certification are true and correct to the best of his or her information, knowledge and belief, having conducted due diligence.
